EXPERIENCE

7+ YEARS

Fishtank Consulting (Calgary, AB, Canada)

Front End Developer

JUNE 2024 - PRESENT

- Developing front-end solutions based on Sitecore XMCloud headless CMS platform for websites of different major businesses across Canada.
- Specializing in platforms, libraries and tools such as React/Next.js, TypeScript, Azure DevOps, Vercel, React-JSS and Algolia.
- Writing quarterly blogs for Fishtank on technical knowledge, strategies and /or tips for fellow web developers.

Signifly (Montreal, QC, Canada)

Front End Developer

JANUARY 2021 - JUNE 2024

- Member of the Development team at Signifly Montreal, an agency offering digital solutions to businesses such as BMO, 7-Eleven, Maersk and DivaCup.
- Contributed to 50+ websites, digital products and e-commerce stores by developing, enhancing and maintaining code in projects mainly using Angular, Vue.js and React.
- Provided technical support to clients on tools and platforms for Hosting, Deployment, Shopify e-commerce, CMS, DevOps CI/CD Automation, Analytics and SEO optimization.
- Collaborated closely with Designers, Strategists and Project Managers during agile sprints to translate UI/UX design to responsive, accessible and interactive websites.

Accenture (Monterrey, Mexico)

Front End Developer

JULY 2018 - JANUARY 2021

- Worked for Sprint, T-Mobile & Boost Mobile, leaders in the telecommunication industry, developing and maintaining new and existing features on their websites visited by millions of users annually.
- Focused as an Angular developer and the Subject Matter Expert in the Shop and Cart front-end components and the Sprint CSS Styling Guide utilizing AEM as the main CMS.
- Selected to attend multiple in-person workshops and KT sessions at Sprint office in Reston, VA, USA.
- Involved in key Front End Development department processes such as mentoring, training and recruitment.

Epicor Software (Monterrey, Mexico)

Internship - Software Developer & Q.A. Analyst

JULY 2017 - JULY 2018
